

Discount for Purchasing a Bowl

It is important to me that any one can afford to purchase one of my bowls. I realize that buying hand made art is too expensive for many people. If you fall in love with one of my bowls, I am happy to help find a way for you to buy it at a much lower price. Contact me by email (Pignolet@umn.edu) and explain which bowl you would like and why. Tell me what you like about the bowl (be specific) and how you plan to use it. I am very fond of things said in a poem.
